Dear Chris,

Thanks for your letter of the 14th. It came today. I also got the message from Robert via Ed Kabak. Appreciate it.

I have and will have a copy of the Powell picture if Robert wants it.

I filed for the under FOIA in 1970 but never got it and did not consider it as important as the other cses.

This print is made from a second-generation negative, assuming the print from which it was made was made from that original negative.

It is somewhat like the Dillards.

I'm sure many people will see many things.

I'm not even taking the time to use a magnifying glass. It will be enlarged.

I'll send this when I get the others from Robert

Hope things are working out for you.

Sincerely,
